Summary

I am studying criminology at West Virginia University. I have very strong communication skills and leadership skills. I have worked in the restaurant industry for 4 years at the same restaurant, where I have worked my way to harder positions. I was also the captain of my high school's varsity hockey team, that taught me a lot about how to be a leader and communicate better with people. I like challenges and going out of my comfort zone and won't give up on a Challenge until I feel as if I did my best.
